The background of the image is a photograph of an industrial facility, likely an aluminum processing plant. In the foreground, several long, cylindrical aluminum profiles are laid out on a conveyor system or a set of rollers. The profiles are arranged in a perspective that leads towards the background. The background shows a large, open industrial space with a high ceiling supported by a complex network of steel beams and trusses. There are large windows on the right side, and some industrial equipment is visible in the distance. The overall color palette is dominated by the metallic silver of the aluminum and the grey/blue tones of the industrial structure.
